Division of Health Hazard Evaluation

re: Comments on the Remedial Investigation Work Plan: Westgate Trailer Park,
Greer, SC

1. Executive Summary - Page 1, paragraph 6, second line - **typo error** - change "...Wastgate..." to "...Westgate..."

2. 3.0. Proposed Investigation Activities - Page 5, paragraph 4, second sentence - Many residents do not have telephones. Letters describing the proposed activities need to be mailed to them along with door-to-door contacts to explain what will be happening in the trailer park. DHEC may need to make this direct contact and send the letters as we have established credibility with these residents.

Page 5, paragraph 5 - I would like additional surface soil samples taken at the trailers of those children whose blood lead levels exceeded 10 $\mu\text{g}/\text{dl}$. These samples should be taken at 0-3".

3. 4.0 Implementation Schedule - Page 9 - Table 2. "Proposed Schedule" - **typo error** - The words in the cell located in row 1, column 2 should read, "Request access within 30 days from SCDHEC approval of the work plan."

Thank you for the opportunity to comment on this work plan.
